

BLUE BAMBOO
simple. reliable. affordable.

ABOUT this company

An international group of companies were found with one common purpose: to promote road safety through industry-leading breath alcohol testing technology.

THE CHALLENGE

This group needs a mobile printer that can meet the needs of printing tickets via Bluetooth and also can pair with their alcohol testing devices.

THE SOLUTION

Blue Bamboo's PocketPOS™ P25 mobile printer was selected to pair with their alcohol testing hardware via Bluetooth. View the picture below:

The alcohol testing device is used to capture breath samples from drivers. The result can be shown in this device. The P25 Bluetooth printer is compatible with the alcohol testing device via Bluetooth. Police officers use P25 to print tickets.

SUMMARY

With the Blue Bamboo's P25, this international group can help people with the purpose of "driving safe". This corporation meets the needs of printing tickets/receipts by selecting the Blue Bamboo's P25 mobile printer: police officers can successfully print tickets on the road.
